through Artifacts Collected in Courses**

Mission of Early Childhood Program	Semester	Early Childhood
<p><i>In English</i> The mission of the Associate of Arts in Early Childhood Education is to build relationships with those who continually pursue a deeper understanding of the lessons embedded in Diné values. Through these lessons we will strengthen children and support caregivers as advocates.</p> <p>Goal 1: Students will be proficient in Navajo language and culture as well as Non-Navajo content to support families and communities. Objective 1.1: Students will know the Diné teachings from inception to puberty. Objective 1.2: Students will plan and prepare relevant lessons appropriate for children’s growth and development. Objective 1.3: Students will use Navajo language appropriately.</p> <p>Goal 2: The students will become professionals and advocate for children, families, and communities. Objective 2.1: Students will use research on the growth of children to work with families and communities. Objective 2.2: Based on observation and assessment, students will continually learn and understand children. Objective 2.3: Students will internalize concepts and practices as they continue to refine them.</p>	Fall 2007	Collect artifacts for ○ ECE 111 ○ ECE 235
